

EVP of spirit talking to my grandson

Posted by gatorgig - 25 Jul 2011 02:22

I get very loud and clear recordings when my grandson visits.....he talks to what he says is
"dolls" and will hold very clear conversations where they will answer him.

It's spectacular heard clearly. Congratulations friend. A hug and thanks for sharing. You deserve a
"rise" of karma for this je je

thank you....but I owe it to my grandson....he is autistic and his sensitivity to sound is such that he hears
what they say....I only hear it on the recordings....they seem to be drawn to him as if protecting him
