First need some details. What was you using to take this picture. Was anyone with you that could have cast a shadow and the sun pick up on this and cause it to look as mist. What are the details of this area is there paranormal reported.

I was the only one there just randomly taking pictures of my parent's property in Gualala.. The sunlight is on the house not in the path of the sun when I took it..

MINOLTA WEATHERMATIC DUAL 35 CAMERA
