I'm coming

Story of the home is that 2 years ago a man was found murdered after he broke into his girlfriends house to attack her, supposedly he stabbed himself in the chest 3 times.

I will attach my clearest EVP's through out this thread.. I have about half a dozen from this 3.5 hour investigation)

Strasburg in Shenandoah County, Virginia. this is not good?

Because in the artikel: www.nvdaily.com/news/2011/08/fatal-strug...ficer-identified.php

they are talking about the Shenandoah country circuit court?

address is 941 E washington st?

you are correct, It is in North Western Virginia. what is an odd coincidence is his numerical home address in Front Royal,Va was 941 as well.

STABBING DEATH: Donald G. Beaty, of Front Royal, stabs himself to death at a Strasburg home during a struggle with a town police officer who had been called to investigate a break-in.(still dont see how you stab yourself mutliple times in a struggle with an office, i can still see once, two maybe but unlikely but 3? just seems weird,

When I was last there, I read the article outloud, and asked if he knoew he was dead, thats when I got the "I'm still alive EVP"

I also got one that says "nothing is right here" I tried to google to see if he was on myspace or google , so I can see what his face looks like, I already have a visual in my head.
