Great Haunted Locations in Northern Indiana

Posted by BlackHartFilms - 12 Apr 2011 21:10

_____

I love helping people with their paranormal problems and trying to find what really goes bump in the night but I want that ultimate experience. Anyone know of any locations in Northern Indiana or around that area that is really haunted? I have been to several places and even have worked with a few demonic cases but I want that scare. That one good haunt.. If so please email me.
